Work Experience

Abarca Health LLC - Pharmacy Benefit Manager (PBM)

San Juan, PR

Software Test Engineer II

Apr 2022 - Present

- Collaborate with Agile Team members and participate in the Scrum ceremonies.
- Develop test cases in Azure Test Plans based on business requirements and both functional and non-functional specifications.
- Use black-box testing techniques such as equivalence partitioning, boundary value analysis, and decision table testing to efficiently determine the parameters and data that will be added in Azure Test Plans to achieve full test coverage.
- Execute test cases and document the results.
- Write detailed bug reports.
- Query execution over the Microsoft SQL Server database.
- Perform regression testing, compatibility testing, API testing using Postman, and exploratory testing sessions.
- Acquire knowledge of the Healthcare, Pharmacy, and Pharmacy Benefit Management industries, as well as Medicare and CMS regulations.

INVID LLC - Information Technology Company

San Juan, PR

Software QA Tester II

Apr 2021 - Apr 2022

- Created and ran automated UI test scripts using Cypress, Cucumber, and Mocha.
- Contributed to the creation of guidelines to improve internal QA/QC procedures.
- Provided training about manual testing activities.
- All duties and responsibilities mentioned in the previous role (Software QA Tester I).

Software QA Tester I

Oct 2019 - Apr 2021

- Performed static testing in requirements and design (mockups).
- Created test plans, test suites, and test cases in Azure Test Plans.
- Ran manual tests and performed exploratory testing in web and mobile applications.
- Conducted usability/accessibility testing for WCAG 2.1, ADA, and Section 508 compliance by using tools such as the Xcode Accessibility Inspector, Axe, SortSite, and Wave.
- Reported and tracked issues identified during testing activities to ensure defect resolution and testing completion.
- Collaborated in the development of new ideas to resolve system issues and improve current systems.
- Basic query execution over the Microsoft SQL Server database.

New York Film Academy - School of Film and Acting

New York, NY

Front End Web Developer

Jul 2018 - Aug 2019

- Coded e-mail marketing campaigns and landing pages based on mockups and provided content.
- Delivered approved e-mail campaigns to the target market using both Campaigner and iContact e-mail marketing automation platforms.
- Made updates to the New York Film Academy websites and WordPress sites.
- Coded the new version of the online applications.

Second Language Design - Creative and Marketing Agency

New York, NY

Web Developer

Feb 2018 - Jul 2018
