Apr 2022 - Present

- Contribute to developing smoke and regression automated tests for both API and UI.
- Develop test cases in Azure Test Plans based on business requirements and both functional and non-functional specifications.
- Use black-box testing techniques such as equivalence partitioning, boundary value analysis, and decision table testing to efficiently determine the parameters and data that will be added in Azure Test Plans to achieve full test coverage.
- Execute manual test cases and document the results.
- Use tools such as Datadog and Hangfire to monitor and analyze system events.
- Perform exploratory, compatibility, and API testing (Postman and Swagger).
- Run queries over the Microsoft SQL Server database.
- Participate in the hiring process for Software Testing Engineering positions.
- Provide onboarding to new hires about the internal QA/QC processes and tools.
- Work closely with the Scrum Team and participate in the Sprint ceremonies.
- Being a Scrum Master during a Sprint (rotatory role within the Scrum Team).

INVID LLC - Information Technology Company

San Juan, PR

Software QA Tester II

Oct 2019 - Apr 2022

- Developed automated UI test scripts using Cypress, Cucumber, and Mocha.
- Contributed to the creation of guidelines to improve internal QA/QC procedures.
- Provided training about manual testing activities.
- Performed static testing in requirements and design (mockups).
- Created test plans, test suites, and test cases in Azure Test Plans.
- Ran manual tests and performed exploratory testing in web and mobile applications.
- Conducted usability/accessibility testing for WCAG 2.1, ADA, and Section 508 compliance by using tools such as the Xcode Accessibility Inspector, Axe, SortSite, and Wave.
- Reported and tracked issues identified during testing activities to ensure defect resolution and testing completion.
- Collaborated in the development of new ideas to resolve system issues and improve current systems.
- Basic query execution over the Microsoft SQL Server database.

New York Film Academy - School of Film and Acting

New York, NY

Front End Web Developer

Jul 2018 - Aug 2019

- Coded e-mail marketing campaigns and landing pages based on mockups and provided content.
