Work Experience

Jr. Front End Programmer   Jul 2018 - Aug 2019
New York Film Academy – School of Film and Acting   New York City
- Coded e-mail marketing campaigns (example: https://www.nyfa.edu/eblast/nyfa-alumni-documentary-06-2019.html and https://www.nyfa.edu/eblast/australia-enroll-now-09-2019.html) and landing pages based on mockups and provided content.
- Segmented mailing lists by making queries on the database.
- Delivered approved e-mail campaigns to the target market using an E-mail Marketing Automation Platform.
- Made updates to the New York Film Academy websites and WordPress sites.
- Coded the new version of the online applications (https://www.nyfa.edu/application/mfa1.php).
- Debugged e-mail campaigns, landing pages, online applications, and websites.
- Kept track of workflows on Asana and worked closely with the Development, Design, and Marketing teams.

Web Developer   Feb 2018 - Jul 2018
Second Language Design – Creative and Marketing Agency   New York City
- Maintained active communication with the team of designers, developers, and clients such as The North Carolina State University's College of Veterinary Medicine (https://painfreecats.org) and Acupuncture Remedies (https://aprpc.com).
- Developed WordPress sites for clients based on mockups and provided content.
- Performed QA testing across modern platforms and devices.
- Delivered the website to the client in their private hosting provider (Bluehost, GoDaddy).

Software Tester   Sep 2014 - Jul 2018
uTest – Crowdsourced Software Testing Community   Remote
- Executed test cases in web and native applications.
- Performed exploratory testing to identify any GUI, functional, or technical bug.
- Performed localization testing by verifying translations from English to Latin American Spanish.
- Submitted detailed bug reports.

Additional Work Experience

Data Entry Clerk under the Institutional Work-Study Program   Jul 2009 - Jun 2015
Fiscal Office, Department of Finance, University of Puerto Rico   San Juan, PR
- Advised employees on student employment policies and hiring procedures.
- Facilitated training to employees on how to record payroll entries through the Oracle database.
- Contributed to generating a new payroll spreadsheet file that automates all computations.
- Verified on-campus student-employee payrolls. Added, edited, and deleted records to match the hours reported by the department with the entries in the database.
- Processed direct deposit applications for student's financial aid.

Administrative Assistant under the Federal Work-Study Program   Mar 2008 - Jun 2009
Fiscal Office, Department of Finance, University of Puerto Rico   San Juan, PR
- Provided orientation and information to students regarding their scholarships, grants, student loans, and payroll status.
- Revised and gave feedback about internal written communications such as letters, circulars, and office memos.
- Took physical inventory counts of materials and properties, archived files, answered calls, among other clerical duties.

Projects

Connect Four
https://francheska-guzman.github.io/connect-four
The classic two-player board game developed with HTML, CSS, and JavaScript.

Weather Forecast
https://francheska-guzman.github.io/weather-forecast
A weather web app that provides information such as temperature, pressure, and humidity of five cities. Developed with React.js and requesting the data from a third party API.

Credit Report
https://francheska-guzman.github.io/credit-report and https://creditreportapi.herokuapp.com
Financial web app that consume data from the API and calculates the credit factors. Type 1 or 2 in the provided input field to get the user information. Built with React.js, Node.js, Express.js and PostgreSQL.
