- Provide usability and accessibility (WCAG 2.1, ADA, Section 508) feedback.
- Document and track issues identified during testing activities to ensure defect resolution and testing completion.
- Collaborate in the development of new ideas to resolve system's issues and improve current systems.
- Review user manuals and guides.

Front End Web Developer   Jul 2018 - Aug 2019
New York Film Academy – School of Film and Acting   New York, NY
- Coded e-mail marketing campaigns and landing pages based on mockups and provided content.
- Segmented mailing lists by making queries on the database.
- Delivered approved e-mail campaigns to the target market using both Campaigner and iContact e-mail marketing automation platforms.
- Made updates to the New York Film Academy websites and WordPress sites.
- Coded the new version of the online applications.
- Debugged e-mail campaigns, landing pages, online applications, and websites.
- Kept track of workflows on Asana and worked closely with the Development, Design, and Marketing teams.

Web Developer   Feb 2018 - Jul 2018
Second Language Design – Creative and Marketing Agency   New York, NY
- Maintained active communication with the team of designers, developers, and clients such as The North Carolina State University's College of Veterinary Medicine (https://painfreecats.org) and Acupuncture Remedies (https://aprpc.com).

- Developed WordPress sites for clients based on mockups and provided content.
- Performed QA testing across modern platforms and devices.
- Added meta tags for SEO and set up Google Analytics.
- Used Google Spreadsheets API for data collection.
- Delivered the website to the client in their private hosting provider (Bluehost, GoDaddy).

Software Tester   Sep 2014 - Jul 2018
uTest – Crowdsourced Software Testing Community   Remote
- Executed test cases in web and native applications.
- Performed exploratory testing to identify any GUI, functional, or technical bug.
- Performed localization testing by verifying translations from English to Latin American Spanish.
- Performed regression testing.
- Submitted detailed bug reports.

On Campus Student-Employee   Mar 2008 - Jun 2015
Fiscal Office at the University of Puerto Rico, Río Piedras Campus   San Juan, PR
Accounting Assistant
- Advised employees on student employment policies and hiring procedures.
- Facilitated training to employees on how to record payroll entries through the Oracle database.
- Verified entered data of on-campus student employee payrolls by reviewing, correcting, deleting, or reentering data.
- Resolved deficiencies by using standard procedures or returning incomplete documents to the department for resolution.
- Contributed to generating new spreadsheet files that automate all computations.
- Processed direct deposit applications for students' financial aid.

Front Desk Assistant
- Provided information to students regarding their scholarships, grants, student loans, and payroll.
- Provided orientation to students on how to claim a lost or stolen check, how to set up or cancel the direct deposit service, and address any other concern.
- Gave feedback about internal written communications, took a physical count of inventory, among other clerical duties.

Projects
Weather Forecast
https://francheska-guzman.github.io/weather-forecast
Weather Forecast is a web app that provides information such as temperature, pressure, and humidity of five cities. Developed with React.js and requesting the data from a third party API.
